SMOKY CHIMNEYS.

SUTER'S VENTILATING WIND-GUARD,

(Registered 1880.)

Is a certain cure for Smoky Chimneys, and will effectually Ventilate Close Rooms or Buildings.

EXHIBITED AT THE GREAT EXHIBITION, 1881.

Price 15s. Made of strong Zinc, to fit 10-inch Chimney Post, and made to any size or shape, at a small additional charge.

This Guard, from its peculiar construction and novel action, entirely prevents the external air entering the top of the Chimney, and exhausts the air in the Chimney, causing a draught, thereby perfectly ventilating any rooms or buildings where there is no fire, and effectually preventing the return of smoke into any room where there is a fire.

TESTIMONIAL.

"Not,—Your Ventilating Wind Guard have been simply tested in our premises for the last three months, and they have given us great satisfaction; we consider them a cheap, simple, and effective remedy."
